Approaching: Sometimes interprets music through singing from different musical periods (Renaissance, Baroque, Classical, Contemporary) and cultural pieces (Americana and World Music).

Meeting: Interprets music through singing from different musical periods (Renaissance, Baroque, Classical, Contemporary) and cultural pieces (Americana and World Music).

Extending: Expertly interprets music through singing from different musical periods (Renaissance, Baroque, Classical, Contemporary) and cultural pieces (Americana and World Music).

Instrumental Performance Skills

Plays Simple Songs

Beginning: Has difficulty demonstrating instrumental skills while playing songs on multiple instruments.

Approaching: Demonstrates some instrumental skills while playing songs on various instruments.

Meeting: Demonstrates instrumental skills while playing songs on various instruments.

Extending: Expertly demonstrates instrumental skills while playing songs on various instruments.

Identifies Instrument Timbre

Beginning: Has difficulty identifying the timbre of various instruments (classical, folk, ethnic).

Approaching: Sometimes identifies the timbre of various instruments (classical, folk, ethnic).

Meeting: Identifies the timbre of various instruments (classical, folk, ethnic).

Extending: Expertly identifies the timbre of various instruments (classical, folk, ethnic).

Classroom Behaviors

Participates

Beginning: Has difficulty participating or staying on task during music activities.

Approaching: Participates and stays on task during music activities with reminders.

Meeting: Participates and stays on task during music activities.

Extending: Always Participates and stays on task during class time and encourages others to do the same.

Is Punctual

Beginning: Has difficulty arriving to class on time.

Approaching: Sometimes arrives to class on time.

Meeting: Arrives to class on time.

Extending: Always arrives to class early and encourages others to begin on time.

Is Prepared

Beginning: Has difficulty coming to class with materials necessary for learning.

Approaching: Sometimes comes to class with materials necessary for learning.

Meeting: Comes to class with materials necessary for learning.

Extending: Always comes to class with materials necessary for learning.

SIXTH THROUGH EIGHTH GRADE HEALTH

Concept #1: Demonstrates the Ability to Analyze Key Health Concepts

Beginning: Developing prerequisite skills needed for the mastery of analyzing key health concepts. (Many Errors).

Approaching: Demonstrates partial understanding of the skills needed for the mastery of analyzing key health concepts. (Occasional Errors).

Meeting: Demonstrates basic understanding of the skills needed for the mastery of analyzing key health concepts. (Rare Errors).

Extending: Demonstrates secure understanding of the skills needed for the mastery of analyzing key health concepts. (No Errors).

Concept #2: Demonstrates the Ability to Effectively Identify Key Vocabulary Terms

Beginning: Developing prerequisite skills needed for the mastery of identifying key vocabulary terms. (Many Errors).

Approaching: Demonstrates partial understanding of the skills needed for the mastery of identifying key vocabulary terms. (Occasional Errors).

Meeting: Demonstrates basic understanding of the skills needed for the mastery of effectively identifying key vocabulary terms. (Rare Errors).

Extending: Demonstrates secure understanding of the skills needed for the mastery of effectively identifying key vocabulary terms. (No Errors).

Concept #3: Demonstrates the Ability to Practice Health Related Skills

Beginning: Developing prerequisite skills needed for the mastery of effectively practicing health related skills. (Many Errors).

Approaching: Demonstrates partial understanding of the skills needed for the mastery of effectively practicing health related skills. (Occasional Errors).

Meeting: Demonstrates basic understanding of the skills needed for the mastery of effectively practicing health related skills. (Rare Errors).

Extending: Demonstrates secure understanding of the skills needed for the mastery of effectively practicing health related skills. (No Errors).

Concept #4: Demonstrates the Ability to Assess Health Influences

Beginning: Developing prerequisite skills needed for the mastery of assessing health influences. (Many Errors).

Approaching: Demonstrates partial understanding of the skills needed for the mastery of assessing health influences. (Occasional Errors)

Meeting: Demonstrates basic understanding of the skills needed for the mastery of assessing health influences. (Rare Errors).

Extending: Demonstrates secure understanding of the skills needed for the mastery of assessing health influences. (No Errors).

The four health concepts will be applied to the following grade level units listed below.

6th Grade – Structure and Functions of the Body; Social, Emotional and Mental Health; Injury Prevention and Safety; Life Management Skills

7th Grade – Structure and Functions of the Body; Environmental Health; Disease Prevention and Control; Consumer Health and Safety

8th Grade – Structure and Functions of the Body; Personal and Family Health; Nutrition; and Substance Education

IREAD

Oral Fluency: Rate

Beginning: I read grade level text below 116 words per minute.

Approaching: I read grade level text between 116-144 words per minute.

Meeting: I read grade level text between 145-195 words per minute.

Extending: I read grade level text above 195 words per minute.

Oral Fluency: Expression

Beginning: I read grade level text word-by-word and need guidance to notice author's meaning and punctuation.

Approaching: I read grade level text in mostly 2-word phrases and need reminders to pay attention to author's meaning and punctuation.

Meeting: I read grade level text smoothly in three-to-four word phrase groups, and I pay attention to author's meaning and punctuation.

Extending: I read grade level text in meaningful phrases and word groups with expressive interpretation guided by author's meaning and punctuation.

Oral Fluency: Accuracy

Beginning: I read grade level text with 96% accuracy.

Approaching: I read grade level text with 97% accuracy.

Meeting: I read grade level text with 98% accuracy.

Extending: I read grade level text with 100% accuracy.

Comprehension

Beginning: I need guidance to understand the meaning of grade level texts.

Approaching: I attempt to understand the meaning of grade level texts.

Meeting: I can independently understand the meaning of grade level texts.

Extending: I can extend my understanding to above grade level texts.

Vocabulary

Beginning: I need guidance to determine the meaning of grade level words that are new to me.

Approaching: I attempt to determine the meaning of grade level words that are new to me.

Meeting: I can independently determine the meaning of grade level words that are new to me.

Extending: I can extend and adjust meaning of new words to new contexts.

Analyze /Apply Meaning

Beginning: I need guidance to enhance my understanding of grade level texts.

Approaching: I attempt to enhance my understanding of grade level texts.

Meeting: I can independently use grade level texts to enhance my understanding.

Extending: I can extend my understanding in a way that creates new meaning for myself and of the world.

INDEPENDENT LIVING

Develops Independent Living Skills

Beginning: Is still developing prerequisite skills for mastery of individual goals.

Approaching: Demonstrates partial mastery of individual goals.

Meeting: Demonstrates secure mastery of all individual goals.

Extending: Demonstrates secure mastery of individual goals beyond expectations.

SIXTH THROUGH EIGHTH GRADE INDUSTRY & TECHNOLOGY

TECHNOLOGY

Understands Impact of Technology and Engineering Through Reading, Writing, and Speaking

Beginning: Still developing understanding of economic and environmental issues as they relate to industry.

Approaching: Demonstrates partial understanding of the impact of technology and industry on the economy, society and the environment.

Meeting: Demonstrates secure understanding of the impact of technology and industry on the economy, society and the environment.

Extending: Demonstrates secure understanding of the impact of technology and industry on the economy, society and the environment. Is beginning to develop the ability to think critically about solutions.

Design and Engineering

Understands and Uses Measurement Skills

Beginning: Still developing measurement skills that are needed in technical applications.

Approaching: Demonstrates partial mastery of measurement skills that are needed in technical applications.

Meeting: Demonstrates secure mastery of measurement skills that are needed in technical applications.

Extending: Demonstrates secure mastery of measurement skills that are needed in technical applications and works beyond grade level expectations.

Understands and Applies Drafting Techniques and Concepts

Beginning: Still developing knowledge of drafting techniques & concepts. Completes drawings with numerous errors.

Approaching: Demonstrates partial mastery of drafting techniques & concepts. Completes drawings with some errors.

Meeting: Demonstrates secure mastery of drafting techniques & concepts. Completes drawings with only minor errors.

Extending: Demonstrates secure mastery of drafting techniques & concepts and is able to complete drawings and apply next level of drafting technique to further communicate ideas.

Uses Problem-Solving Skills to Design Original Work

Beginning: Problem-solving skills and ability to design original work are not yet evident.

Approaching: Applies basic problem-solving skills by designing original work with some coaching.

Meeting: Demonstrates secure mastery of problem-solving skills by designing original work based on given criteria.

Extending: Demonstrates secure mastery of problem-solving skills and exceeds given criteria by showing exceptional creativity in ability and interest in designing original work.

Technical Knowledge

Uses and Operates Tools and Equipment

Beginning: Still developing knowledge of purpose and function of equipment. Needs frequent assistance and oversight.

Approaching: Demonstrates partial mastery of purpose and function of equipment. Needs occasional assistance.

Meeting: Demonstrates clear understanding of basic purpose and function of equipment. Uses equipment correctly, independently and follows all safety procedures.

Extending: Beginning to develop the ability to extend knowledge of the use of equipment beyond basic purpose and function. Able to think critically and problem solve.

Applies Principles of Fastening, Joinery and Assembly

Beginning: Still developing understanding of assembly processes. Needs substantial assistance to complete assembly processes.

Approaching: Demonstrates partial understanding of basic assembly processes. Needs occasional assistance with assembly process.

Meeting: Demonstrates clear understanding of basic assembly processes. Can function independently.

Extending: Beginning to develop the ability to select the best alternatives among options. Can teach others.

Applies Principles of Finishing and Presentation

Beginning: Still developing knowledge of finishing and presentation of project. Final work shows substantial flaws and imperfections.

Approaching: Demonstrates partial mastery of finishing and presentation of a project. Final work shows several small imperfections.

Meeting: Demonstrates secure mastery of finishing and presentation of a project with only a few minor flaws in the final project. Completed work indicates an attention to detail and quality.

Extending: Demonstrates secure mastery of finishing and presentation of a project. Shows a concern for quality and persists to producing error-free work.

SIXTH THROUGH EIGHTH GRADE INSTRUMENTAL MUSIC

Instrument Performance Skills

Produces Tone Quality

Beginning: Has difficulty producing expected tone.

Approaching: Sometimes produces the expected tone.

Meeting: Consistently produces a characteristic tone given defined grade level expectation.

Extending: Consistently produces a characteristic tone that matches the model.

Demonstrates Posture and Position

Beginning: Has difficulty using proper posture and position.

Approaching: Sometimes using proper posture and position with reminders.

Meeting: Consistently using proper posture and position with occasional reminders.

Extending: Consistently using proper posture and position without reminders.

Applies Technique (Fingering, Bowing, Sticking)

Beginning: Has difficulty using proper technique.

Approaching: Sometimes uses proper technique.

Meeting: Consistently uses proper technique similar to the model.

Extending: Consistently uses proper technique that matches the model.

Cares for Instrument, Music, and Supplies

Beginning: Has difficulty putting instrument and music away after use.

Approaching: Sometimes puts instrument and music away after use.

Meeting: Consistently puts instrument and music away after use.

Extending: Consistently puts instrument and music away, and encourages others to do the same.

Music Reading Skills

Applies Rhythmic Notation

Beginning: Has difficulty reading and clapping rhythms.

Approaching: Sometimes reads and claps rhythms correctly.

Meeting: Consistently reads and claps rhythms correctly.

Extending: Consistently reads and claps rhythms without assistance.

Reads Melodic Notation

Beginning: Has difficulty reading and naming notes.

Approaching: Sometimes reads and names notes correctly.

Meeting: Consistently reads and names notes correctly.

Extending: Consistently reads and names notes without assistance.

Interprets Symbols of Expression

Beginning: Has difficulty performing and interpreting musical symbols.

Approaching: Sometimes performs and interprets musical symbols.

Meeting: Consistently performs and interprets musical symbols.

Extending: Consistently performs and interprets musical symbols without assistance.

Music Analysis

Interprets Musical Forms and Characteristics

Beginning: Has difficulty interpreting form and characteristics in music.

Approaching: Sometimes interprets form and characteristics of music.

Meeting: Consistently interprets form and characteristics of music.

Extending: Consistently interprets form and characteristics of music without assistance.

Critiques Music

Beginning: Has difficulty in offering critique and assessment of music.

Approaching: Sometimes offers accurate critique and assessment of music.

Meeting: Consistently offers accurate critique and assessment of music.

Extending: Consistently offers accurate critique and assessment of music without assistance.

Contexts of Music

Identifies Genres, Styles, and Functions

Beginning: Has difficulty identifying the genre, style, and function of music.

Approaching: Sometimes identifies the genre, style, and function of music.

Meeting: Consistently identifies the genre, style, and function of music

Extending: Consistently identifies the genre, style, and function of music without assistance.

Attends Concerts

Beginning: Has not attended required performances for this grading period.

Approaching: Has attended some, but not all required performances for this grading period.

Meeting: Has attended all required performances for this grading period.

Extending: Has attended all required performances and has assisted in the organization and set-up of the performance.

LANGUAGE DEVELOPMENT

Develops Language Skills

Beginning: Is still developing prerequisite skills for mastery of individual goals.

Approaching: Demonstrates partial mastery of individual goals.

Meeting: Demonstrates secure mastery of all individual goals.

Extending: Demonstrates secure mastery of individual goals beyond expectations.

SEVENTH GRADE MATHEMATICS

Analyzes Proportional Relationships and Uses Them to Solve Problems

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Adds and Subtracts Rational Numbers

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Multiplies and Divides Rational Numbers

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Solves Problems Involving Rational Numbers

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Uses Properties of Operations to Generate Equivalent Expressions

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Solves Problems Using Expressions, Equations, & Inequalities

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Draws, Constructs and Describes Geometrical Figures

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Solves Problems Using Scale Drawings

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Solves Problems Using Angle Measure

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Solves Problems Using Area, Surface Area and Volume

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Uses Random Sampling to Draw Inferences About a Population

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Draws Informal Comparative Inferences About Two Populations

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Investigates Chance and Develops, Uses and Evaluates Probability Models

Beginning: Demonstrates limited knowledge and skills in such a way that understanding is affected significantly.

Approaching: Demonstrates command of knowledge and skills and partial understanding.

Meeting: Demonstrates understanding and can transfer learning to new contexts.

Extending: Demonstrates understanding, can transfer learning to new contexts and can defend or critique the processes used.

Attends to Precision

Beginning: Demonstrates no ability to attend to precision.

Approaching: Demonstrates a limited ability to attend to precision.

Meeting: Demonstrates ability to attend to precision.

Extending: Demonstrates ability to attend to precision in multiple ways.

Communicates Mathematical Thinking

Beginning: Does not answer questions, does not include thinking, or thinking does not relate to or support answers.

Approaching: Answers parts of the questions and explanations show some thinking, but requires teacher to make additional inferences.

Meeting: Answers all parts of the questions, solves problems with effective strategies, and explains strategies clearly using pictures, numbers and words.

Extending: Answers all parts of the questions, solves problems with effective and efficient strategies, and explains strategies in a clear and organized way by labeling illustrations, diagrams or other representations, using appropriate vocabulary and explaining why the strategies were used.

SEVENTH GRADE PHYSICAL EDUCATION

Movement Skills

Executes Age Appropriate Movement Skills

Beginning: Has difficulty demonstrating proper execution of movement skills using age appropriate body mechanics, force and directions.

Approaching: Demonstrates proper execution of movement skills using age appropriate body mechanics, force and direction, in a skill drill.

Meeting: Demonstrates proper execution of movement skills using age appropriate body mechanics, force and directions, in a game situation.

Extending: Demonstrates proper execution of movement skills using age appropriate body mechanics, force and direction in a game situation with regard to team, dual and individual sport/game performance.

Sportsmanship and Cooperation

Practices Responsible Personal and Social Behavior

Beginning: Has difficulty respecting the feelings and opinions of others, even when prompted.

Approaching: Respects the feelings and opinions of others, with prompting.

Meeting: Respects the feelings and opinions of others without prompting.

Extending: Respects the feelings and opinions of others and encourages others to do the same.

Active and Acceptable Participation

Practices Active Participation

Beginning: Follows rules and directions only after numerous reminders and participation is limited.

Approaching: Follows rules and directions with few reminders and participation is inconsistent.

Meeting: Follows rules and directions the first time they are given and actively participates.

Extending: Follows rules and directions the first time they are given, actively participates and encourages others to do the same.

Class Preparation

Is Prepared for Class

Beginning: Has difficulty preparing for class, (wears appropriate clothing and shoes, on time, and brings necessary materials).

Approaching: Is sometimes prepared for class, (wears appropriate clothing and shoes, on time, and brings necessary materials).

Meeting: Is usually prepared for class, (wears appropriate clothing and shoes, on time, and brings necessary materials).

Extending: Is always prepared for class, (wears appropriate clothing and shoes, on time, and brings necessary materials).

Personal Fitness

Demonstrates Physical Fitness

Beginning: Meets less than 3 national standards in physical fitness tests.

Approaching: Meets 3 national standards in physical fitness tests.

Meeting: Meets national standards in physical fitness tests.

Extending: Exceeds national standards in physical fitness tests

Content Understanding

Understands Physical Education Content

Beginning: Demonstrates very little understanding of subject.

Approaching: Demonstrates some understanding of subject.

Meeting: Demonstrates an expected level of understanding of subject.

Extending: Demonstrates an expected level of understanding of subject and assists others to do the same.

SEVENTH GRADE READING

Reading Process

Applies Pre-Reading Strategies

Beginning: Developing Prerequisite skills for mastery of before reading strategies (e.g., relies on teacher to set purpose for reading; makes connections when directed by teacher) across a variety of grade level texts. May demonstrate skills using below grade level texts.

Approaching: Demonstrates partial mastery of before reading strategies across a variety of grade level texts. May demonstrate skills using below grade level texts.

Meeting: Demonstrates secure mastery of before reading strategies (e.g., sets a purpose and a rate for reading; makes connections between texts) across a variety of grade level texts.

Extending: Demonstrates secure mastery of before reading strategies across a variety of grade level texts and texts beyond grade level.

Applies During-Reading Strategies

Beginning: Developing Prerequisite skills for mastery of during reading strategies (e.g., identifies information in text, visuals, etc.) across a variety of grade level texts. May demonstrate skills using below grade level texts.

Approaching: Demonstrates partial mastery of during reading strategies across a variety of grade level texts. May demonstrate skills using below grade level texts.

Meeting: Demonstrates secure mastery of during reading strategies (e.g., infers, predicts and compares and contrasts information) across a variety of grade level texts.

Extending: Demonstrates secure mastery of during reading strategies across a variety of grade level texts and texts beyond grade level.

Applies Post-Reading Strategies

Beginning: Developing Prerequisite skills for mastery of post-reading strategies (e.g., identifies main idea, characters, setting) across a variety of grade level texts. May demonstrate skills using below grade level texts.

Approaching: Demonstrates partial mastery of post-reading strategies across a variety of grade level texts. May demonstrate skills using below grade level texts.

Meeting: Demonstrates secure mastery of post-reading strategies (e.g., questions self and text to clarify meaning; analyzes, draws conclusions) across a variety of grade level texts.

Extending: Demonstrates secure mastery of post-reading strategies across a variety of grade level texts and texts beyond grade level texts.

Vocabulary

Uses and Applies New Vocabulary

Beginning: Developing Prerequisite skills (e.g., identifies word parts) for mastery of vocabulary skills using grade level words.

Approaching: Demonstrates partial mastery of vocabulary skills using grade level words. May demonstrate skills using below grade level words.

Meeting: Demonstrates secure mastery of vocabulary skills (e.g., uses knowledge of prefixes, roots and affixes to determine meaning) using grade level words.

Extending: Demonstrates secure mastery of vocabulary skills using grade level words and words considered beyond grade level.

SEVENTH GRADE SCIENCE

Ecosystems: Interdependent Relationships in Ecosystems

Beginning: I know the basic definitions and facts related to interdependent relationships in ecosystems.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Identify biotic and abiotic factors in an ecosystem, explain how biotic factors affect abiotic factors and vice versa, and interpret how ecosystems can naturally change over time.
2. Describe and define a population, and compile the factors that affect the size of a population.
3. Investigate changes and reasons for changes in populations, and interpret why human populations change.
4. Define a community and formulate conclusions about how populations in a community interact.
5. Cite evidence to explain how Earth's land and aquatic biomes differ, and predict using data from a biome which organisms would survive in each climatic and geographical areas.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Ecosystems: Cycles of Matter and Energy Transfer in Ecosystems

Beginning: I know the basic definitions and facts related to cycles of matter and energy transfer in ecosystems.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Develop a model to explain the cycling of matter in an ecosystem, and compare and contrast how elements that move through a matter cycle may also play a role in another cycle.
2. Construct a Food Web, Food Chain, and Energy Pyramid for organisms in an ecosystem, describe the role of producers, consumers, detritivores, and decomposers in food chains and webs, and explain how energy in a food pyramid is lost at each level (The 10% Rule).
3. Describe the reactants and products of Photosynthesis and Cellular Respiration and compare and contrast how photosynthesis and respiration are interrelated.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Ecosystems: Ecosystem Dynamics, Functioning, and Resilience

Beginning: I know the basic definitions and facts related to ecosystem dynamics, functioning, and resilience in ecosystems.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Identify natural resources, and compare and contrast the 3 types of natural resources.
2. Explain how pollution affects our air, water, and land resources.
3. Utilize different tools to monitor pollution and problem solve/design a solution answering: How can people conserve resources? What tools can be used to conserve resources?

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Molecules to Organisms: Structure and Function

Beginning: I know the basic definitions and facts related to structure and function in molecules from organisms.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Identify the basic substances and structures that make up a cell.
2. Describe the function of cell structures.
3. Identify and justify the cell theory, and investigate the discoveries that have led to our current understandings of the cell.
4. Compare and Contrast prokaryotic and eukaryotic cells, and compare and contrast plant and animal cells.
5. Compare and contrast unicellular and multicellular organisms, and explain the levels of organization in multicellular organisms.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Molecules to Organisms: Growth and Development

Beginning: I know the basic definitions and facts related to the growth and development from molecules to organisms.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Identify the benefits of sexual reproduction, identify and compare the phases of meiosis, and explain and prove the importance of meiosis.
2. Summarize asexual reproduction and its benefits, and identify, compare, and contrast the different types of asexual reproduction.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Molecules to Organisms: Organization for Matter and Energy Flow in Organisms

Beginning: I know the basic definitions and facts related to organization for matter and energy flow in organisms from molecules to organisms.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Explain how materials enter and leave the cells, and interpret how cell size affects the transport of cellular materials.
2. Summarize how a cell obtains energy and explain how some cells make food molecules.
3. Identify and summarize the phases of the cell cycle, and infer and prove the importance of the cell cycle.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Genetics: Natural Selection and Adaptation

Beginning: I know the basic definitions and facts related to natural selection and adaptation in genetics.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Identify the contributions of Charles Darwin, and utilize Darwin's theory of evolution to explain species change over time.
2. Describe how adaptations are evidence of selection, formulate evidence from living species to support the theory that species descended from other species over time, and relate all Earth's organisms.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Genetics: Heredity

Beginning: I know the basic definitions and facts related to heredity in genetics.

Approaching: With teacher guidance, I can apply my knowledge to meet expectations.

Meeting: I can:

1. Explain how and why Mendel's experiments helped shape our understanding of genetics, and identify and differentiate factors that determine an organisms traits.
2. Explain the factors that determine expressed traits, and identify and analyze patterns that differ from Mendel's model.
3. I can determine and explain the role DNA plays in genetics, identify and explain the role RNA plays in protein productions, and prove how the changes in the DNA affect traits.

Extending: I can extend my understanding by demonstrating innovative thinking or an ability to apply it to situations that are more ambiguous or complex than what is expected.

Science Practices (Year Long)

Beginning: With assistance, explains understanding of the impact and connections human choices have on the surrounding environment.

Approaching: Inconsistently explains understanding of impact and connections between human choices and the impact on the surrounding environment.

Meeting: Consistently explains, identifies and proves understanding of the connections (direct/indirect) between human choices and the impact it has on the surrounding environment.

Extending: Extends understanding by demonstrating innovative thinking or an ability to apply solutions to situations and act directly impacting the surrounding environment.

Reading, Writing, Speaking

Beginning: With assistance, uses reading, writing, and speaking to develop and demonstrate an understanding of science concepts.

Approaching: Inconsistently uses reading, writing, and speaking to develop and demonstrate an understanding of science concepts.

Meeting: Consistently uses reading, writing, and speaking to develop and demonstrate an understanding of science concepts.

Extending: Extends understanding by making connections between ideas and new contexts when reading, writing, and speaking to understand and explain science concepts.

SIXTH THROUGH EIGHTH GRADE SEMINARS

Content

Understands Content

Beginning: Developing prerequisite skills for mastery of the seminar class content outcomes.

Approaching: Demonstrates partial mastery of the seminar class content.

Meeting: Demonstrates secure mastery of the seminar subject matter content.

Extending: Demonstrates secure mastery of the seminar subject matter content and works beyond grade level expectations.

Process

Uses Content Processes

Beginning: Developing prerequisite skills for mastery of the seminar class processes outcomes.

Approaching: Demonstrates partial mastery of the seminar class processes required for learning content.

Meeting: Demonstrates secure mastery of the seminar class processes required for learning content.

Extending: Demonstrates secure mastery of the seminar subject matter processes and works beyond grade level expectations.

Study Skills/Learning Strategies

Has Confidence/Takes Risks

Beginning: Gets frustrated easily and gives up without trying to do an activity.

Approaching: Occasionally becomes frustrated when attempting an activity, but still tries with encouragement and help.

Meeting: Accepts challenges and keep trying until s/he succeeds.

Extending: Seeks out challenges and always tries until s/he succeeds.

Focuses

Beginning: Stays focused in some work situations, with reminders.

Approaching: Stays focused in all work situations, with reminders.

Meeting: Stays focused in all work situations, without reminders.

Extending: Stays focused in all work situations, without reminders, and assists others to do the same.

SIXTH THROUGH EIGHTH GRADE SOAR

Processes Information

NOT YET (areas that need work):

NOT YET (areas that need work): Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media

EVIDENCE (how you've met the standard):

ADVANCED (areas that go beyond the basics):

Solves Problems

NOT YET (areas that need work):

NOT YET (areas that need work):

1. Identify and define authentic problems and significant questions for investigation
2. Plan and manage activities to develop a solution or complete a project
3. Collect and analyze data to identify solutions and/or make informed decisions
4. Use multiple processes and diverse perspectives to explore alternative solutions

EVIDENCE (how you've met the standard):

ADVANCED (areas that go beyond the basics):

Communicates Ideas

NOT YET (areas that need work):

NOT YET (areas that need work):

SIXTH THROUGH EIGHTH GRADE SOCIAL STUDIES

Disciplinary Skills: Making claims, Using sources, & Contextualization

Beginning: I need support to make and support claims using compelling questions and evidence, identify text, context, and subtext of primary sources.

Approaching: I can make and support claims using compelling questions and evidence, identify text, context, and subtext of primary sources with limited assistance.

Meeting: I can independently make and support claims using compelling questions and evidence, identify text, context, and subtext of primary sources.

Extending: I can independently make and support claims using compelling questions and evidence by connecting concepts, or ideas that were not explicitly discussed in class.

Understands Vocabulary, Key Concepts, & Themes

Beginning: I need support to understand vocabulary.

Approaching: I understand the vocabulary but need support to apply it to concepts.

Meeting: I can independently understand the vocabulary and apply it to concepts.

Extending: I can independently understand vocabulary, apply it to concepts, and make thematic connections.

Engaging in Civil Discourse

Beginning: I need support to identify multiple perspectives in civil discourse to support a final conclusion using credible sources.

Approaching: I can identify multiple perspectives in civil discourse to support a final conclusion using credible sources.

Meeting: I can independently identify and apply multiple perspectives in civil discourse to support a final conclusion using credible sources.

Extending: I can independently identify, apply, and connect multiple perspectives in civil discourse to support a final conclusion using credible sources.

Take Informed Action

Beginning: I need support to take informed action.

Approaching: I can take informed action to address personal, societal, or global issues with limited support.

Meeting: I can independently take informed action to address personal, societal, or global issues.

Extending: I can independently identify a problem, generate a plan, and make connections to the people or resources necessary to enact the plan.

SIXTH THROUGH EIGHTH GRADE SPEECH/DRAMA

Preparation

Analyzes Text

Beginning: Has difficulty identifying characters, structure, and themes of text.

Approaching: Identifies characters, structure, and themes of text with guidance from instructor.

Meeting: Identifies key points of the text without guidance.

Extending: Identifies and also connects structure and themes to other life situations.

Performance

Rehearses

Beginning: Does not use class time to memorize lines, practice movement, and establishes little or no patterning to the scene.

Approaching:

1. Memorizes line, and has basic movement for the scene.
2. May not remember when changes are made.

Meeting: Uses class time well, making sure lines are memorized, and the scene is well practiced, ready for performance.

Extending:

1. Maximizes the use of available time to improve the scene.
2. Tries new techniques, and seeks assistance in any form to aid the improvement

Performs Product

Beginning: Unable to perform without laughing, has lapse in concentration, and is unable to replicate what was done in rehearsal.

Approaching: Performs with some errors, and replicates most of what happened in rehearsal.

Meeting: Performs with no errors and replicates what was rehearsed.

Extending: Performs the scene as rehearsed, and reacts appropriately to the presence of the audience.

Participates in an Ensemble

Beginning: Has difficulty collaborating with others when working towards an ensemble performance (sharing, compromising, listening, and giving and taking).

Approaching: Sometimes has difficulty collaborating with others when working towards an ensemble performance (sharing, compromising, listening, and giving and taking).

Meeting: Always collaborates with others when working towards an ensemble performance (sharing, compromising, listening, and giving and taking).

Extending: Always collaborates with others when working towards an ensemble performance (sharing, compromising, listening, and giving and taking) and encourages others to do the same.

MIDDLE SCHOOL TECHNOLOGY LITERACY

Creativity and Innovation

Demonstrates Creative Thinking, Constructs Knowledge, and Develops Innovative Products and Processes Using Technology

Beginning: Still developing prerequisite skills of using technology to apply existing knowledge to generate new ideas, products, or processes.

1. Create original works as a means of personal or group expression.
2. Create models and simulations to explore complex systems and issues.
3. Identify trends and forecast possibilities.

Approaching: Demonstrates partial mastery of using technology to apply existing knowledge to generate new ideas, products, or processes.

1. Create original works as a means of personal or group expression.
2. Create models and simulations to explore complex systems and issues.
3. Identify trends and forecast possibilities.

Meeting: Demonstrates mastery of using technology to apply existing knowledge to generate new ideas, products, or processes.

1. Create original works as a means of personal or group expression.
2. Create models and simulations to explore complex systems and issues.
3. Identify trends and forecast possibilities.

Extending: Demonstrates mastery of and extends skills to new contexts when using technology to apply existing knowledge to generate new ideas, products, or processes.

1. Create original works as a means of personal or group expression.
2. Create models and simulations to explore complex systems and issues.
3. Identify trends and forecast possibilities.

Communication and Collaboration

Uses Digital Media and Environments to Communicate and Work Collaboratively

Beginning: Still developing prerequisite skills of interacting, collaborating, and publishing with peers, experts, or others employing a variety of digital environments and media.

1. Communicate information and ideas effectively to multiple audiences.
2. Develop cultural understanding and global awareness by engaging with learners of other cultures.
3. Contribute to project teams to produce original works or solve problems.

Approaching: Demonstrates partial mastery of interacting, collaborating, and publishing with peers, experts, or others employing a variety of digital environments and media.

1. Communicate information and ideas effectively to multiple audiences.
2. Develop cultural understanding and global awareness by engaging with learners of other cultures.
3. Contribute to project teams to produce original works or solve problems.

Meeting: Demonstrates mastery of interacting, collaborating, and publishing with peers, experts, or others employing a variety of digital environments and media.

1. Communicate information and ideas effectively to multiple audiences.
2. Develop cultural understanding and global awareness by engaging with learners of other cultures.
3. Contribute to project teams to produce original works or solve problems.

Extending: Demonstrates mastery of and extends skills to new contexts when interacting, collaborating, and publishing with peers, experts, or others employing a variety of digital environments and media.

1. Communicate information and ideas effectively to multiple audiences.
2. Develop cultural understanding and global awareness by engaging with learners of other cultures.
3. Contribute to project teams to produce original works or solve problems.

Research and Information Fluency

Applies Digital Tools to Gather, Evaluate and use Information

Beginning: Still developing prerequisite skills of applying digital tools to gather, evaluate, and use information.

1. Plan strategies to guide inquiry.
2. Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
3. Evaluate and select information sources.
4. Process data and report results.

Approaching: Demonstrates partial mastery of applying digital tools to gather, evaluate, and use information.

1. Plan strategies to guide inquiry.
2. Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
3. Evaluate and select information sources.
4. Process data and report results.

Meeting: Demonstrates mastery of applying digital tools to gather, evaluate, and use information.

1. Plan strategies to guide inquiry.
2. Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
3. Evaluate and select information sources.
4. Process data and report results.

Extending: Demonstrates mastery of and extends skills to new contexts when applying digital tools to gather, evaluate, and use information.

1. Plan strategies to guide inquiry.
2. Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
3. Evaluate and select information sources.
4. Process data and report results.

Critical Thinking, Problem Solving and Decision Making

Uses Critical Thinking Skills with Digital Tools and Resources to Plan and Conduct Research, Manage Projects, Solve Problems, and Make Informed Decisions

Beginning: Still developing prerequisite skills of using digital tools and resources to identify and define authentic problems and significant questions for investigation.

1. Plan and manage activities to develop a solution or complete a project.
2. Collect and analyze data to identify solutions and/or make informed decisions.
3. Use multiple processes and diverse perspectives to explore alternative solutions.

Approaching: Demonstrates partial mastery of using digital tools and resources to identify and define authentic problems and significant questions for investigation.

1. Plan and manage activities to develop a solution or complete a project.
2. Collect and analyze data to identify solutions and/or make informed decisions.
3. Use multiple processes and diverse perspectives to explore alternative solutions.

Meeting: Demonstrates mastery of using digital tools and resources to identify and define authentic problems and significant questions for investigation.

1. Plan and manage activities to develop a solution or complete a project.
2. Collect and analyze data to identify solutions and/or make informed decisions.
3. Use multiple processes and diverse perspectives to explore alternative solutions.

Extending: Demonstrates mastery of and extends skills to new contexts when using digital tools and resources to identify and define authentic problems and significant questions for investigation.

1. Plan and manage activities to develop a solution or complete a project.
2. Collect and analyze data to identify solutions and/or make informed decisions.
3. Use multiple processes and diverse perspectives to explore alternative solutions.

Digital Citizenship

Understands Human, Cultural and Societal Issues Related to Technology and Practices Legal and Ethical Behavior

Beginning: Still developing prerequisite skills of advocating and practicing safe, legal, and responsible use of information and technology.

1. Advocate and practice safe, legal, and responsible use of information and technology.
2. Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
3. Demonstrate personal responsibility for lifelong learning.
4. Exhibit leadership for digital citizenship.
5. Understand ethical behaviors (personal and social) when using information and technology.
