## Welcome

**Ashley Rodemann**

## Redistricting Update

**Dr. Bailey**

Assistant superintendent spoke about redistricting. After PropS failure on the ballot district began to look at boundaries, PropR made way for the additions to Tillman and Westchester. KSD boundaries have not been redrawn for 50years. ~170 people have been a part of the redistricting committee. Outside consultants and district administrators have been arranging the various “puzzle pieces” to make multiple potential maps. Consultants and admin are getting feedback from the committee- adjusting and readjusting. Timeline is for several options to be presented to public for feedback this summer, a final plan tentatively planned for board presentation in August. New boundaries would not be in effect until August2023, at the very earliest. New boundaries will not be implemented mid year. Also, the details are unknown at this time, but there will be “grandfathering” for current students.

## Board Report

**Board Members**

PTO Board Elections - Bianca Guadagnoli was nominated as Treasurer Elect by Ashley Rodemann, . Seconded by Kristi Conroy. All were in favor, approved.

## Principal Report

**Dr. Angeline O’Neal-Hogrefe**

The primary school improvement goal for this year was family communication. Implemented strategy: each teacher required to send out a newsletter, as well as quarterly updates on academic and SEL progress directly to family. Percentage of families reporting they are happy with communication has gone up. Academic benchmarking: Growth in all areas and grade levels! Data will be shared in newsletter

The staff was celebrated with a snack cart, breakfast, two lunches, and a mega snack table. HUGE thank you to all our school community families that contributed to make this possible - we certainly couldn't do this without your donations! Thanks to your donations as well we were able to raffle off 30 gift cards to staff members - this was obviously a bit hit and super appreciated! Lastly, we will be transitioning the staff appreciation committee over to two new co-chairs next year. Welcome Linsie Chiles and Terra Corno! Thank you for getting involved in our community and we look forward to supporting you going forward.
